

Riverside Community Church

Values Statement

1. The Word of God

We value the Bible as our final authority in matters of belief, behavior, and the development of our faith in all subjects it addresses.

2. Spiritual Formation

We value the development of every believer into fruit-bearing disciples of Jesus Christ through the clear, relevant teaching and preaching of the Bible.

3. Prayer and Worship

We value communication with God through prayer, the reading of Scripture and worship that honors God and unites His people.

4. Outward Vision

We value lost people as highly as God does. Therefore we are intentional in reaching out, welcoming, and building relationships with people in our community as well as reaching the world for Christ through a variety of ministry opportunities.

5. Church Services

We value culturally relevant communication styles in a friendly, casual setting while maintaining purity of doctrine and belief even as we honor our Christian heritage.

6. Small Groups

We value small group involvement that contributes to significant life changes and provides caring relationships which include helping, supporting, praying for other and personal ministries that are developed in this context.

7. Service and Ministry

We value the participation of all believers in ministry and service to the church as good stewards of talents, time, possessions and resources.

8. People

We value intergenerational relationships as a key aspect to Christian living, both as individuals and families.

9. Servant Leadership

We value Spirit-led leaders who utilize prayer based collaborative decision making processes that receive input from as many sources as appropriate in the oversight of the affairs of this church.
